# AUDIOBOOK EDITING PRICING

## EDIT

We go through your raw recorded files to remove any mouth noises, room disruptions, pops, reduce breaths, and remove mistakes. We take into consideration the natural flow of the reading.

**\$100 PFH**

---

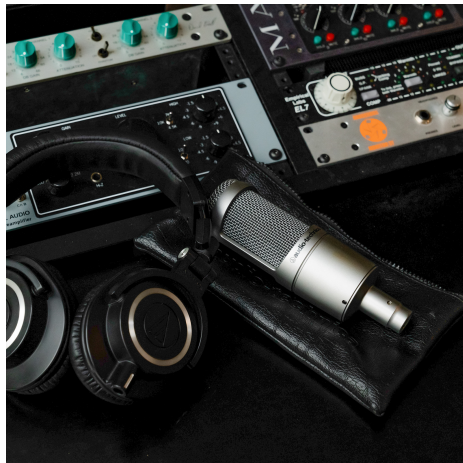

## PROOF

Edited audiobook files are reviewed against the manuscript for any misreads, noises that couldn't be edited, or other mistakes. These notes are placed into an easy to follow spreadsheet to record corrections. We then take your retakes and edit them into your audiobook.

**\$75 PFH**

## MASTER

This is where we make sure your audiobook will be accepted by all platforms, sound seamless to your listeners, and do final checks.

**\$75 PFH**

---

## FULL PRODUCTION

Editing, proofing, and mastering all in one. We will take care of each step of the process to produce your audiobook.

**\$225 PFH**

---

## CONSULTATION

Is this your first time recording your own voice or audiobook? We are happy to help with equipment recommendations and recording tips!

**\$60/HR**
